SKILLS

Programming Languages

CSS, HTML, Java, Kotlin, NodeJS, Prolog, Python, Sass, SQL, Typescript

Libraries & Frameworks

Bootstrap, Jetpack Compose, ReactJS

Tools & Platforms

Figma, Firebase, Git, GitHub, Google Cloud Platform

EXPERIENCE

Software Developer

Best TV Communications

08/2022 — 12/2022

- Led the design and development of an app which aimed to simplify payments and improve client communication. It includes overview of services, a bill payment system, data usage visualization, a support chat, and an outage map, all designed to enhance user experience. Technologies used: **Firebase**, **Jetpack Compose** and **Kotlin**.

PROJECTS

Academic Advisor Chatbot

<https://utechchatbot.web.app/>

- This collaborative effort resulted in a virtual academic advisor for computing students. Sophie uses the **GPT4 model** via the **OpenAI API** to provide academic advice, share policy information, and updates on important deadlines. Written in **JavaScript** and **TypeScript**.

Academic Probation System

<https://bit.ly/42EeBpW>

- In a collaborative project for an Artificial Intelligence course, we developed an academic probation system using **Prolog** and **Python**, for the University of Technology, Jamaica. The system calculates students' cumulative GPA, issues alerts to various university members, and manages the database.

Honeypot

<https://bit.ly/3utZX7V>

- Implemented a honeypot system using **Python**, with packet capture, intrusion detection, and alerting.

Priority Non-Preemptive Scheduler

<https://bit.ly/3HSGrVM>

- A project to simulate a small process management system using **Java**. It uses a priority non-preemptive scheduling scheme when executing processes on a dual-core (2 CPU's) processor system.

Simulated Vending Machine

<https://bit.ly/483uA1O>

- A project that uses a multi-tape Turing machine and register machines to operate a vending machine, written in **Kotlin**.

Six Degrees of Separation

<https://bit.ly/4brhBKf>

- Implemented an algorithm in **Python**, that finds the degrees of separation between two people and recommends to each person's close contact, all the activities that the person is engaged in.
