SKILLS

Programming Languages	Libraries & Frameworks	Tools & Platforms
CSS, Sass, HTML, Java, Kotlin, NodeJS, Prolog, Python, SQL, Typescript	Bootstrap, Jetpack Compose, ReactJS	Firebase, Figma, Google Cloud Platform, Git, GitHub

EXPERIENCE

- **BestTV Communications**- Software Developer
August 2022 — December 2022
 - Created an app which aimed to simplify payments and improve client communication. It includes an overview of services, a bill payment system, data usage visualization, a support chat, and an outage map, all designed to enhance user experience.

PROJECTS

- **Academic Advisor Chatbot**
This collaborative effort resulted in a virtual academic advisor for computing students. Sophie uses the **GPT4 model** via the **OpenAI API** to provide academic advice, share policy information, and information on important deadlines.
<https://utechchatbot.web.app/>
- **Academic Probation System**
In a collaborative project for an Artificial Intelligence course, we developed an academic probation system using **Python** and **Prolog**, for the University of Technology, Jamaica. The system calculates students’ cumulative GPA, issues alerts to various university members, and manages the database.
- **Honeypot**
Implemented a honeypot system with packet capture, intrusion detection, and alerting.
<https://github.com/MalikHeron/Honeypot.git>
- **Priority Non-Preemptive Scheduler**
A project to simulate a small process management system which uses a priority non-preemptive scheduling scheme when executing processes on a dual-core (2 CPU’s) processor system. <https://github.com/MalikHeron/Priority-Non-Preemptive-Scheduler.git>
- **Six Degrees of Separation**
Implemented an algorithm that finds the degrees of separation between two people and recommend to each person’s close contact, all the activities that the person is engaged in. <https://github.com/MalikHeron/Six-Degrees-of-Separation.git>
- **Simulated Vending Machine**
A project that uses a multi-tape Turing machine and register machines to operate a vending machine. <https://github.com/MalikHeron/Turing-Machine.git>

EDUCATION

- **University of Technology, Jamaica**
BSc. In Computing
2020 – Present
- **Manchester High School, Jamaica**
CAPE
2018 – 2020
- **Spalding High School, Jamaica**
Diploma, City & Guilds, CSEC
2013 – 2018

AWARDS & CERTIFICATIONS

- **Dean's List** – 2020/2021 Academic Year
University of Technology, Jamaica
- **Dean's List** – 2021/2022 Academic Year
University of Technology, Jamaica
- **Certificate in Business Studies** – 2018
Caribbean Examination Council

EXTRA-CURRICULAR ACTIVITIES

- **Google Developer Student Club**
May 2022 – September 2023
- **Computer Science Club**
Assistant Treasurer
September 2019 – July 2020
- **4H Club**
Vice President
September 2017 – July 2018
- **Prefect**
September 2016 – July 2018
